

Instant Challenge DI-section Worksheet

Directions: Teams should practice analyzing Instant Challenges during practice using this worksheet. Eventually, the team will not need this worksheet to notice the things it points out.

Is the IC **TASK** or **PERFORMANCE** or **HYBRID**? (Circle One) Task Performance Hybrid

Summarize what you are being asked to do in one sentence:

Put the scoring elements in descending order from greatest to least:

How many parts are there and how long is each part?

Summarize what must be accomplished in each part:

What does the challenge say **MUST** happen or **MUST** be done?

Remember, if it doesn't say you **CAN'T**, then you **CAN**. Do you notice any opportunities where this might help?

What do you notice as "Obvious Obstacles?" (What do you notice that will be challenging?)

Can you use any Strategy Structures? If so, which ones and how?

What other things are important to notice about this challenge?
